SUMMARY:

I am a highly motivated and experienced professional with a strong background in web development, digital marketing, and Python programming. Over the years, I've honed my skills as a web developer, and I'm passionate about creating user-friendly websites and web applications that meet the needs of clients. In my role as an ICT director and trainer, I've had the opportunity to share my knowledge and expertise with others, helping them acquire valuable programming skills. I take pride in being recognized hold certifications in both PHP and Python. My academic background includes a Bachelor's degree in Transport Management. I am dedicated to continuous learning and staying up-to-date with the latest industry trends.
